

Rock-N-Water

A Christian Adventure Camp

Background Check Requirement

To increase the safety of our guests, and to comply with California State regulations, all adults (18 years and older) visiting Rock-N-Water are required to have a background check performed on them. The specific results do not need to be provided to Rock-N-Water, only this signed declaration that the checks have been performed.

A background check, at a minimum, is defined as checking each individuals name against the free online United States Department of Justice national sex offender public website located at: <http://www.nsopw.gov>.

Rock-N-Water encourages, but does not require, you to do a more thorough background check through the California Department of Justice's Live Scan system or a private background check with a company like LexisNexis. Because of this requirement we will be running you, as an attending adult, through a minimum background check as well. If another leader will be attending in your place, please include him or her in your background checks.

By signing below, you are confirming that all individuals 18 years of age or older that will be coming with you to Rock-N-Water have had a background check of the above minimum standard or greater performed.

Organization Name: _____ Trip Dates: _____

Your Name: _____ Title: _____

Your Signature: _____ Date: _____

Please give this form and your release forms to Rock-N-Water staff upon arrival.
Thank you.
